

Dear **Chaminda Kumara**,

We are pleased to confirm your admission to **Imperial College Business School's – Emerging CTO Programme** starting March 2025

Your accomplishments and potential to succeed motivated us to invite you to join this exciting and challenging programme. During this immersive programme, you will be joined by a diverse group of individuals from around the world. This comprehensive six-month learning journey will prepare you to confidently navigate the complexities of C-suite leadership and help you develop the skills needed to be a successful CTO in today's dynamic business and technology landscape.

To confirm your admission, the programme fee must be paid to Emeritus, our enrolment partner and programme manager. You will soon receive an email from them regarding the programme terms and payment process to confirm your admission. Once payment is received by Emeritus, they will issue a receipt for your records. We will release the seat to other prospective participants if your payment is not received before the indicated deadline.

Two weeks prior to the start of the programme, you will receive important programme details including orientation information, the schedule for live sessions, and opportunities to connect with your peers. During orientation, you will be introduced to key members of your support team—your Success Coach and Programme Delivery Manager—who are dedicated to ensuring your learning experience is successful and rewarding.

Please contact Kanika Jethi at Emeritus, our enrolment partner and programme manager, with any questions. Her email address is kanika.jethi@emeritus.org

Once again, congratulations on your exciting path forward. We look forward to welcoming you to into the programme.

Sincerely,

Imperial College Business School Executive Education

Imperial College Business School is collaborating with online education provider Emeritus to offer a portfolio of high-impact online programmes. By working with Emeritus, we are able to broaden access beyond our on-campus offerings in a collaborative and engaging format that stays true to the quality of Imperial
